

May 2009 Works Report

RTA WORKS

Abercrombie Road – Black Springs

Reconstruction and widening of a section of Abercrombie Road, near Willow Springs north of Black Springs, is complete except for line marking.

O’Connell Road – Carlwood Section

The upgrading and widening of a section of O’Connell Road, between Carlwood Road and Mutton Falls Road, is in progress.

GENERAL FUND

Gingkin Road

Earthworks to widen the formation of the next section of Gingkin Road, south of Bastard Point Road are in progress. Work on the road pavement itself will take place later in 2009/10.

Junction Road

Upgrading and widening of two sections of Junction Road, total length 1.3 km, has been carried out. Sealing will be done as soon as conditions permit, but this may not happen until spring.

Purdons Lane

Upgrading and widening of the next section of Purdons Lane heading south from Bloom Hill Road, has been carried out. Again sealing may not be possible until spring.

Gravel Resheeting

Some gravel resheeting has been carried out on Ryans Lane and Bosworth Falls Road.

TOWN IMPROVEMENT FUND

The Common Extensions

Drain lining works in The Common are complete. Construction of the carpark and retaining wall adjacent to the amenities block is in progress.

Tasman Street Footpath

Construction of a footpath in Tasman Street adjacent to the Public School has commenced.
