COPIES TO ALDERMEN.

Recently, Oberon Tip conducted a 'free day'. However, to take advantage of this, residents of the outlying villages faced at least a hundred kilometre return journey. The cost of the fuel was a further impediment.

Ratepayers in the Burruga and Black Springs areas are already disadvantaged by the reduced hours at transfer stations.

Therefore, we the undersigned, petition Oberon Council for annual free days, which include facilities for the disposal of hazardous chemicals, at Burruga and Black Springs Council transfer stations. We also request that suitable notification accompany rate notices.

Please see attached documents,
