OBERON COUNCIL

22 FEB 2012

RECEIVED

21 February 2012

Dear Madam,

Subject: Central West CMA Council Presentations - Reminder

The Central West Catchment Management Authority (CMA) recognises the importance of its collaboration with catchment Councils, primarily through the Local Government Reference Group and the Salinity & Water Quality Alliance Forums. The Central West CMA Board and staff also recognise the need to keep both Councillors and senior management, who do not attend these meetings, informed of natural resource management initiatives across the catchment.

This is a reminder of our request to make a presentation to Council over the next few months. Presentations have already been given to a number of the Catchment Councils by one of our staff, accompanied by a Board member, and we would appreciate the opportunity to do the same with your Council.

The presentation consists of a short PowerPoint presentation covering such things as the Central West CMA's investment in the LGA, Reference Group and Alliance initiatives, and how Council activities assist in improving the health of the catchment. This can then be followed by a discussion on ways to build on the relationship between Council and the Central West CMA.

Please contact Diana Kureen (Local Government Officer) via the contact details above, to make arrangements for a presentation at Council, or should you require any further information.

Yours sincerely,

Jane Chrystal
Acting General Manager
Central West CMA
