Dear Councillors,

Attached is a proposal for a new mobile dental service which will hopefully benefit your community.

We would appreciate your consideration of this proposal and look forward to receiving any feedback which you might have on this matter.

thanking you in advance,

Dr Constantine Dongas BDS
Riverina Smiles

Dear General Manager,

My name is Dr Constantine Dongas. I am the principle dentist at Riverina Smiles in Griffith NSW. We are currently in the process of creating a mobile dental clinic, the role of which will be to follow a route through regional areas every 3-6 months to perform emergency and basic dental treatment including fillings, extractions, check-ups and dentures on both public and private fee paying patients. As we are in the process of applying for funding from the government to set up the mobile clinic, we are asking for expressions of interest from councils and regional health services to support our application. If you feel this service could be utilized in your region, it would greatly benefit our application if you could please reply to this email expressing your support for the service and please include a brief description of how you feel this service might benefit your local community. This info will also help us later on to plan our routes so we can more accurately target those areas in most need. Your email will be forwarded with our application to the NRRHIP (national rural and remote health infrastructure program).

Thanking you in advance for considering this proposal. If you have any further questions please do not hesitate to contact me to discuss the matter further.

Kind regards

Dr Constantine Dongas
