Dear Ms Mash,

**Re: Oberon Library Funding Cuts**

The Hampton P & C Committee would like to comment on the recent decision to cut the Oberon Library Funding. We as users of the library would ask you to reconsider the decision as this would impact greatly on our children's learning. Hampton Public School is a small school consisting of 24 children. Our school Library is also small with limited selection of books. Parents and children of Hampton Public frequent the library for a larger selection of reading material and use the Libraries resources for Premier's Reading Challenge.

Attached is a signed petition from Parents and Members of Hampton P & C opposing the decision.

Thank you for your time  
regards

Tracey Green  
P & C President
