

Works Report August 2010

GENERAL FUND

Gravel Resheeting

Gravel resheeting is in progress on Swallow's Nest Road.

Shooters Hill Road

Clearing and earthworks on the next stage of Shooters Hill Road have commenced, but are currently on hold due to wet weather.

Carlwood Road

The raising of the headwalls on a culvert on Carlwood Road is in progress. This will improve safety in the short term, and will be necessary for the eventual reconstruction of this section of the road.

RTA WORKS

Abercrombie Road

Clearing and earthworks on the next stage of Abercrombie Road (approx 3km in two sections) have commenced, but have been disrupted by wet weather.

TOWN IMPROVEMENT FUND

Tasman Street Culvert

The extension of the culvert in Tasman Street is complete. The road will be resealed ASAP when the weather improves.

Stormwater Extensions

The storm water pipes near the North Street/Springfield Street are being extended, largely paid for by the developer of the new units to provide an outlet for roof water.
