Carried 08190411

10.02.01 Development Application: 10.2009.225.1.

File: PR17.2968

Councillor Gibbons declared an interest in item 10.02.01 of the staff report. Councillor Gibbons left the meeting at 6.07pm.

Mr Michael Atkinson was invited to address Council in respect to the matter. Mr Atkinson stated that the first report to Council prepared for the meeting of 14 December 2010, concluded that the proposed development was contrary to the objectives of Rural 1(a) Zone under the Oberon LEP. It quoted three objectives to promote the proper management and utilisation of resources being subparagraphs (a) (b) and (e) of the rural A Zone Objectives.

Subparagraph (b) requires preventing the unjustified development of prime crop and pasture land for purposes other than agriculture. The current report to Council has excised from it any reference to subparagraph (b). My question is, why is this no longer a valid consideration and will Council be taking into account the objectives in subparagraph (b) in making their determination?

The Acting Director of Development responded advising that the recommendation in the 14 December 2010 meeting was for refusal and made as there was insufficient information submitted by the applicant for Council Officers to assess the proposal against the zone objectives. The report to the 14 December 2010 meeting was withdrawn prior to being determined by Council. The applicant has since provided sufficient information for staff to assess the proposal and therefore make the current recommendation. The reference to subparagraph (b) has been removed from this report as staff felt that it had been justified and hence the recommendation for approval.

Mr Mark Weeks spoke in support of his application. He advised that he wished to work with anyone necessary regarding their concerns. His primary reason for undertaking the development is due to the restrictions placed on motorcycle riders from National Parks, State Forests and the fact that there is very limited access to places where people can ride. He wishes to create a safe controlled environment where people can legitimately ride. He has obtained over 1000 signatures and has 30 letters of support from local businesses and is happy to address the concerns of objectors to the development.

Page 11 of the Minutes of the duly convened Ordinary Meeting of Oberon Council held at the Council Chambers, Oberon on Tuesday, 19 April 2011, commencing at 5.30pm.

Councillor McMahon enquired why the details of the buffer management plans have not been submitted at this time.

The Acting Director of Development responded advising the buffer management plans will be addressed in stage 2 of the proposed development.

Councillor McMahon enquired as to how the hours and days of operation would be policed?

The Acting Director of Development responded advising that the hours and days of operation are detailed on page 6 of the Renzo Tonin & Associates document (attachment H). This document will form part of the Development Consent and therefore should the applicant operate outside these hours or days would be in breach of their Development Consent.

Moved: O’Bernier
Second: Handelsmann

That the Staged Development Application 10.2009.225.1 for a proposed Tourist Facility consisting of a Motocross Track and associated Camping Area at Lots 73, 50, 51, 66 and 67 in DP: 753027 and Lot 4 in DP: 1079460, 2968 Shooters Hill Road, Shooters Hill be approved subject to the conditions of Development Consent in attachment D.
