VISION STATEMENT

A prosperous town, villages and rural communities set amongst the rolling hills, rivers, forests, mountains and caves of the Great Divide. A breath of fresh air in a landscape of light, colour and seasonal beauty. Life as it should be!

The town, villages and rural communities throughout the Shire thrive and prosper. Each area has its own identity and together make up 'Oberon'; a place for all ages and aspirations; the place we call home.

Our physical attributes define us. We are inspired by the natural landscape. Here the big rivers of the area have their beginnings; the rolling hills are rich and productive; the forests add to the wealth of our community both economically and culturally. We are home to the iconic Jenolan Caves and Kanangra Walls. People from all over the world come to visit.

You can come up here to Oberon for a breath of fresh air in a clean and healthy environment. Four distinct seasons provide the backdrop for life and living here. Each offering its own colour range, temperatures, spoils of the land and calendar of events.

Here in Oberon we enjoy. A pace of living that is both relaxed and invigorating; A welcome that is warm and genuine; Community life that is caring, full and active. Rural living in a beautiful landscape.

VALUES STATEMENT

To guide our choice and behavior – As a community, in all we do, we will:

We respect the past, the future and position of others. We take pride in community achievement. We work together in an open and co-operative manner

The knowledge and wisdom of the past guides our present and future. We do for today with tomorrow in mind, aiming to leave a better place for those to come. We seek to understand the thoughts, ideas and ways of others so our own lives are enriched.

We are proud of what our community achieves, the skill and creativity of our people. We take the initiative and don't wait for someone else to do what we can do ourselves. Working together is the way we approach our challenges and opportunities. We seek to be open to new ideas and ways and to co-operate with each other.

FUTURE DIRECTIONS, STRATEGIC OUTCOMES AND ACTIONS

There are six Future Directions with 36 Strategic Outcomes and 137 Actions in the Delivery Program to be addressed over the next four years.
